OPPIUM WAR FOR ABYSSINIAN MARKET

INDIA AND CHINESE SMUGGLER GANGS RUNNING DRUGS

French Sell Poison to Victims Thousand Times Higher Than Stuff is Worth.

By PIERRE VAN PASSEN
Belgian Foreign Correspondent
ADDIS ABABA, Sept. 24.—On the pretext that the inhabitants have for hundreds of years been accustomed to the use of opium, the French sell the poison to the people of Indo China at a rate exactly a thousand times higher than the stuff is worth. On the same principle, the Egyptian government sells hashish in its weekly market of hashish just as we soldiers used to sell a pack of cigarettes with a vile Pierre Van Plassen brand of cigarettes on active service in France. Nothing was good enough for the heroes.

Here in Abyssinia the troops do an inordinate lot of miffing from the back of the palm of the hand. I began to notice it soon after my arrival in the army camp. First I did not pay much attention, for I was so much used to it. But now I find that every man with a little money buys himself a dose of powder.

SMUGGLED OPIUM
"What do they smell and where does it come from?" I asked a European officer, Captain P. B. Bentley, a well-known inspector in Africa for the League of Nations narcotic division.

"It's opium," he replied. "It comes from India on British boats and from China on Japanese boats. Powerful Japanese and British contraband organizations are competing for the Abyssinian business at the present moment and prices have fallen so low that the illicit production is now within reach of everybody's purse."

"O yes," he added with the cynicism which is characteristic of my men who have been long in Africa. "The democratic institutions are making fine headway in Ethiopia. The blacks are rapidly becoming civilized."

STARTED BY EUROPEAN
"Is opium a new thing in Abyssinia? Who introduced it?" I asked.

He gave me the name of a famous European journalist who has just been expelled from Ethiopia after years in residence and whose property in Addis Ababa has been confiscated by order of the regent. "How did you manage to break the rings?" I asked.

"The French government has at last woken up," the captain replied. "It helps us—at last, let me add once more. And then here in Africa we simply raised hell with the negroes and got him to put the death penalty on anyone caught transporting a white girl in his domains. The regent is a decent bloke, you know, Captain Bentley wound up."

Rome Pilot Is Victor In Pay Load Events
ROME, Sept. 24.—Lieut.-Colonel Attilio Russo, trans-Atlantic flier, captured six air speed records for pay loads over a closed course, it was officially announced Monday. He made 390 kilometres an hour over a top of 1,000 kilometres carrying a total load of 2,000 kilograms, shattering the speed records for pay loads of 500, 1,000 and 2,000 kilograms weight for the distance. Over a lap of 2,000 kilometres, he sped at an average of 380 kilometres an hour, bettering the speed record for pay loads of the same weight over this distance.

DAIRY BUTTER EXPORT PLAN IS ANNOUNCED

Aims at Stabilization of Industry By Control Methods

OTTAWA, Sept. 24.—The department of agriculture has made public details of a scheme by which it hopes to aid Canadian dairymen through control of exports in dairy butter mainly to the United Kingdom, and to prevent possible glut of domestic holdings.

The scheme, known as the "butter export stabilization scheme," is similar in many ways to projects under the Dominion Marketing Act for regulating marketing of other products.

It constitutes a butter export marketing board of three dairy officers empowered to do these things:

1.—Regulate the time and place at which and to designate the agency or agencies through which the regulated product shall be marketed.

2.—Determine the manner of distribution and the quantity, quality, grade of the product, and that shall be marketed by any person at any time.

3.—Prohibit marketing of any of the product of any grade, quality or class.

4.—Compensate any person for assistance by forwarding to specified market any of the product pursuant to an order of the local board.

5.—Require full information relating to marketing of the product from all persons engaged therein and to require periodic returns to be made by such persons and for the purposes of the scheme to inspect the books and premises of such persons.

GUILE NO PART OF YOUNG FARMER IN DIVORCE SUIT

Diogenes searched a lifetime for an honest man. Chief Justice Simmons Monday questioned a guileless young, in supreme civil court.

It was during the trial of an undefended divorce action that the chief justice gave voice to certain pungent remarks.

Ald. Miss Margaret Crang was asking a witness in an undefended divorce action how he became acquainted with the female co-respondent in the case.

"I was never introduced to her. I presumed it was his wife when she came to my farm home in connection with the defendant," the witness testified.

"Didn't you think there was something wrong when he didn't introduce the lady as his wife?" the court asked.

"No, I didn't think of it at all," witness replied.

"Well, I would have thought it was all wrong. You must be very guileless," said Justice Simmons remarked.

The court granted a decree nisi to the female plaintiff.

Is Altar Calling?

In Hollywood, the answer to "wonder what's become of Sally" is easy. If you refer to Sally Haines. She can usually be found with comedian Bert Wheeler at some filmland gay spot, as shown above. And rumor has it that they're engaged; at least, Sally has a large diamond on her third finger.

CROP THEFT ACTION NEARS ITS ENDING

After refusing a non-suit to James Ross, defence counsel, the jury in the theft case of Herman M. Polke, near the end of its task in supreme criminal court Monday afternoon.

Polke is charged with failure to deliver to the Canada Mortgage Company Ltd. a third crop payment, according to terms of a lease given the company in regard to mortgages held on his farm near Leduc.

The company claims he paid only \$217 of nearly \$900 due according to the lease for the crop for 1934.

On the stand, on his own behalf, accused swore that his crop did not sell for more than \$600.

The case is proceeding with E. R. Crow, K.C., acting for the crown.

DEAD HEARTS MADE TO BEAT

MOSCOW, Sept. 24.—Prof. N. G. Ostafsky of the government institute for the protection of children's health, announced today the hearts had been removed from the bodies of 25 children, had been revived, and had been made to function in a solution containing Adrenaline.

He said in experiments conducted in his laboratory the hearts had functioned for as long as four hours in some cases and that they had been removed from the bodies of patients varying 10 to 25 hours after death.

Is Convicted Of Manslaughter

MONTREAL, Sept. 24.—Paul H. Cook, 28, charged with the hammer-slaying of Joseph Blais last Easter Sunday, was found guilty of manslaughter here last night when he received an explosion at his own home.

Blast Kills Miner

OLDHAM, N.S., Sept. 24.—Harold F. Cole, 48-year-old pumpman employed at the Avon Gold Mines, died over the week-end of injuries received in an explosion at the 400-foot workings Friday night.

The chief food of the fisher is meat, while the animal procures either by running the rabbit's down, or by stalking them calf-fashion. Even the bristling porcupine is not safe from this little killer, which seems to be immune to the ill effects of porcupine quills.

COUNCIL NOT KEEN TO PROBE ST. RAILWAYS

Request for Investigation Falls Upon Deaf Ears

Demanding a searching investigation into the street railway department, such a probe to cover working conditions, R. LeMaitre, secretary of the Edmonton National Labor Council, asked city council Monday night to grant this request. No action was taken by councillors.

Mr. LeMaitre explained the decision to ask for the investigation was due to the attitude of some labor members of council who had refused to grant the "swearing shift" which would give union members part of their time on day runs.

PROPER STEP
It was contended by Ald. Jas. East that any complaints or charges street railway employees wished to make should be brought to the attention of the superintendent first.

Mr. LeMaitre also asked that the practice of deducting \$1 from civic employees' pay for a Christmas fund

LONG ON QUALITY

WRIGLEY'S DOUBLEMINT CHEWING GUM

There's Sterling Quality beneath PONTIAC'S "Silver Grill"

- ★ SOLID STEEL TURRET TOP BODIES BY FISHER
- ★ ENCLOSED KNEE ACTION
- ★ HYDRAULIC BRAKES
- ★ SYNCRO-MESH TRANSMISSION
- ★ FISHER NO-DRAFT VENTILATION
- ★ A GENERAL MOTORS VALUE

The artistic "Silver Grill" identifies the most distinctive car of the year... Pontiac! Some people regard it as the smartest thing on wheels. Others call it the greatest value of 1935. Certain Pontiac leaves nothing to be desired from the owner standpoint.

Let's check the various factors in Pontiac's make-up! Take appearance! Surely you couldn't ask for anything more smoothly streamlined. Comfort? Just open the doors and size up that roomy, richly-appointed interior. Consider safety, increased by solid steel "Turret Top" Bodies by Fisher. And performance! Lift the hood. Run your eyes over that proved and improved power plant. Around it are built scores of costly refinements that add to the owner's satisfaction yet take away from his upkeey expense.

Remember, too, that when you buy a Pontiac, you get a long-lived automobile that will stay in style! That makes your investment safer! Why not think it over—then enjoy a demonstration—today!

PONTIAC 6 and Straight 8

PRICED FROM \$1107 (For the Standard Six 2-Pass. Coupe)

Delivered in Edmonton, fully equipped. Government Registration Fee only extra.

Prices of 8-cylinder models in Edmonton begin at \$1320.

Golfers To Be Here On Wednesday

Arriving in a special car from Calgary on Wednesday, the women golfers from eastern Canada who have been participating in the Canadian golf championship meet Vancouver will be met by members of the city and provincial Women's Golf Union in Edmonton and driven out to the Edmonton Golf and Country Club for a breakfast. Their exhibition games are scheduled to commence at 11 o'clock, and one o'clock, and after a dinner at 2 o'clock, they will be returning to a special party at which 100 guests are expected. Arrangements for the party are being made by Mrs. W. G. Greig, who is in charge of the party. Mrs. Greig is the president of the Canadian Women's Golf Union, and Mrs. M. K. Rowe, also of Toronto, national secretary-treasurer of the Union, will be present with Mrs. A. McKinnis of Toronto. Dominion championship exhibition game at Mayfair will attract much interest.

WITH ALBERTA W.I. GIRLS IN THE PROVINCE

Metford's Poppy Girls Club recently sponsored a successful social meeting at the Mayfair Hotel. The event was held for the benefit of the club and was attended by many guests.

Metford's Poppy Girls Club had an interesting program at their August meeting. The program was held at the Mayfair Hotel and was attended by many guests.

Autumn Week-End In The Country

National Girl Guide Officer To Visit Here

About 15 centres of Girl Guide activities in Alberta will be visited by Miss Katherine McMahon of Toronto, Dominion Field Secretary of the Girl Guide association, in the course of a trip through the west during the remainder of September and in October. Miss McMahon will arrive in Edmonton on Wednesday, October 18, and will remain until the following Saturday before proceeding west to Edmonton and Jasper.

At present, Miss McMahon is in Medicine Hat, and she will visit the adjoining districts in the southern part of the province before arriving in Calgary on Monday, September 20. Mrs. E. C. Purdie, provincial commissioner of the association in Alberta, will meet Miss McMahon in Calgary and accompany her to the Crown Nest Inn.

Miss McMahon conducted a complete program of general Girl Guide training, and classes are being arranged for her tour. A farewell party will be held for her at the Crown Nest Inn, where she will be remembered among Guides, having visited here two years ago.

Mrs. Purdie and Mrs. H. M. Newsom, divisional commissioners, are making arrangements for Miss McMahon's visit here.

ANN ANDERSON PERRY TO GIVE CALGARY TALKS

To discover what lies behind the news, selecting the important and discarding the non-essential; to establish the underlying relationship between matters which the news writer has seen as an isolated fact, and to bring them into a coherent whole, and above all to stimulate the reader to read further and delve deeper into the news.

For a number of years past, Toronto has enjoyed her stimulating "Current Events" lectures, and this year they will be given by Mrs. E. C. Purdie, who is a well-known journalist and author.

Mrs. Purdie will be giving a series of lectures on "Current Events" in Calgary, starting on Monday, September 24, at 8 o'clock, at the Crown Nest Inn.

Gift Given To Countess Of Bessborough

OTTAWA, Sept. 24.—Canada's women today made a gesture of farewell to the Countess of Bessborough and her three children, one of them a Canadian, in a presentation ceremony at Government House in Ottawa.

The Countess of Bessborough, who is leaving for England on Wednesday, October 18, and will remain until the following Saturday before proceeding west to Edmonton and Jasper.

At present, Miss McMahon is in Medicine Hat, and she will visit the adjoining districts in the southern part of the province before arriving in Calgary on Monday, September 20. Mrs. E. C. Purdie, provincial commissioner of the association in Alberta, will meet Miss McMahon in Calgary and accompany her to the Crown Nest Inn.

FLUSH KIDNEYS OF POISONS AND STOP GETTING UP NIGHTS

Thousands of men and women who are suffering from kidney trouble are being cured by the use of the "Flush Kidneys of Poisons" medicine. This medicine is a powerful diuretic and helps to flush out the kidneys of all poisons, thus stopping the need for getting up at night.

BOILING POINTS IN WAR-TROUBLED MEDITERRANEAN WATERS

ITALY FEARS BLOCKADE OF CANAL LINK TO COLONIES. Essential to Italy in prosecuting a campaign for the subjugation of Ethiopia is the British-controlled Suez Canal, linking the Red Sea with the Mediterranean. Mussolini has indicated that closure of the canal to his ships would be considered a hostile move. The bleak area cut by the canal is apparent in the view above.

COAL OF BRITISH FLEET MANOEUVERS. A large British fleet will take part in war games in the shadow of the Island of Corfu, whose imposing fortress is pictured here, beginning September 26. Corfu is only 60 miles from Italy.

MALTA GARRISON REINFORCED BY GREAT BRITAIN. As its fleet deploys in the Ionian Sea near Italy for extensive manoeuvres, Great Britain adds to the strength of its garrison at nearby Malta, base of the Mediterranean fleet, with 1200 reinforcements. Part of the force stationed on the island is pictured here during a military review at Valetta.

Either Social Credit or Communism Says Dean

FOSTERS REAL PASSION OF NEW RELIGION

Canterbury's Cheery Dean Lands at 'Peg on Speaking Tour

WINNIPEG, Sept. 24.—In Canada to preach the doctrine of Social Credit, Very Rev. Dr. Hewitt Johnson, Dean of Canterbury, arrived here Monday from St. Paul, to resume his Dominion-wide tour, broken by a visit to Rev. Father Coughlin, the radio priest of Detroit. White-haired and ruddy-cheeked, the 67-year-old dean was in good humor as he stepped from the train. He is in complete accord with the policies of Alberta's premier, Albert, the doctrine of the Alberta party will eventually sweep all of Canada, and reach into the other Dominions," he said. It is either Social Credit or Communism.

The dean left here last night for Saskatoon, there to address a public meeting today. From Saskatoon, Dr. Johnson goes to Regina, thence to Calgary and Edmonton. In the Alberta capital he will confer with Premier Albert.

CABINET WILL HOLD DEFENCE

By G. H. ANDERSON
Associated Press Staff Writer
LONDON, Sept. 24.—The British cabinet met in a two-hour session today and decided, informed quarters reported, to continue the imperial defence committee as a council of action until the Italo-Ethiopian situation, now in a state of flux, settles.

The cabinet was adjourned subject to call. No date was fixed for its next meeting, only an official announcement made of today's session.

Thieves Select Constable's Car

WINDSOR, Ont., Sept. 24.—Automobile robbery thieves here don't seem to mind taking chances. Constable Wood, of the city police department, left his car parked outside the police station. When he came the car was empty and the hub caps, license plates and spare tire were missing.

Mules Enlist Too

The U. S. is determined to be neutral, but Missouri mules will be in the thick of the expected fighting in Ethiopia. Here is a truckload of them being loaded on their way from an Italian port to the East African front. Motorization and mechanization may be the new order of the day in conflict, but there still is a place for the mule, on difficult terrain where mechanized equipment runs severely short. Italian commanders plan to use thousands of them in Ethiopia if war comes.

Dog's Tail Gets Caught In Washing Machine As Woman Gives Him Bath

DENVER, Col., Sept. 24.—Hoppy, a Pekinese dog belonging to Miss Dorothy Lorenz, 22, 3235 West Twenty-third avenue, had a most trying experience, and if he never is bathed again it will be all right with him.

Mrs. Margaret Lorenz, mother of Dorothy, decided to give Hoppy a bath, and as he has been done before, put him in the washing machine.

Mrs. Lorenz said Hoppy remained still when being bathed, but today he was restless and squirmed so much he finally caught his tail in a part of the machinery.

Hoppy whined and Mrs. Lorenz gave him a little pull, but his tail was held securely and it appeared that, unless he wanted to lose part of his tail, he would have to remain in his bath forever.

Mrs. Lorenz called the fire department, explaining Hoppy's predicament, but that department promptly referred the matter to the police department, and Patrolman R. Shure was an unusual sight.

Mrs. Lorenz turned the machine upside down and called for a razor blade. With the delicate instrument, he carefully cut away a great deal of the hair on Hoppy's tail and released him.

SCORE LASHED IN SCHOONER: ALL RESCUED

ST. JOHN'S, Nfld., Sept. 24.—Twenty Danish seamen found lashed to the rigging of their crippled fishing vessel were recovering strength slowly in Valletta, Nfld., last night after a storm that almost sent them to the bottom.

Newfoundlanders had found them aboard the schooner Carib, one of the 34-ton craft wallowed helplessly in the storm-swept sea off Valletta, her deck a mass of wreckage, her forecast and bowsprit carried away and her wheelhouse washed overboard with the navigation instruments.

SPEEDING CAR BEHEADS NAG

RIMBEY, Sept. 24.—The occupants of a car crept without injury when it crashed into and beheaded a roan horse, at large on the public highway, two miles north of Rimbey, on Saturday evening. The car was owned by Jerome Donahue, and was driven by his brother-in-law, Joseph Van Hunkle, who, with Glen Chiles and Ed Williams, were proceeding to Rimbey to attend the weekly picture show at Rimbey on Saturday evening. The car was travelling at 40 miles per hour, the car had just overtaken a tractor, and as the car appeared upon the road from the side ditch, too late to avert an accident. The horse was valued at \$100, and the estimated cost of repairs due the car, is \$200.

FRANCO-BRITON BARTER PACT

BARCELONA, France, Sept. 24.—An agreement for the exchange of Franco-British trade exports here today.

It was arranged that French timber firms will ship 8,000 tons of posts, poles and heavy timber for mine showing in exchange for 40 tons of British coal. The value of the exchange will be approximately \$100,000.

There was no immediate prospect of a coal shortage, a government report Sept. 7 indicated.

Mr. Justice Lucas Dies In Vancouver

VANCOUVER, Sept. 24.—Mr. Justice F. G. T. Lucas, of the Supreme Court of British Columbia, died today in the Vancouver General hospital. He failed to rally after an operation undergone last week. His widow and two daughters survive.

Mr. Lucas was born at Alvin, Ont., and was educated at Calgary, where his father, Alvin Lucas, was mayor, being one of those who obtained the charter of the city in 1884. The family had moved to Calgary in 1889. Mr. Lucas, Sr., was associated there with the establishment of the Calgary Herald.

STEVENS RAPS R. B. BENNETT'S KIDNAP FRIGHT

Ottawa Trekkers a Decent Bunch With Red or Two Among Them

By THOMAS WATKINS
Editorial in Edmonton Bulletin
OTTAWA, Sept. 24.—Hon. H. H. Stevens, leader of the Reconstruction Party, returned to Ottawa after his cross-Canada campaign and spoke at a mass meeting in the Commons in support of P. J. J. B. holder, an Ottawa farmer who is a party candidate in West Ottawa.

About a thousand people assembled, half filling the building and while for the most part were quietly attentive, they cheered vigorously as Mr. Stevens made his after his old friend, Mr. H. H. B. Bennett.

Stevens was predominantly civil service, Mr. Stevens was cheered when he condemned the firing of a civil servant Saturday for distributing Liberal song sheets at a banquet.

Stevens was vigorously applauded again when he promised that should he be returned to power, he would fight the injustice done to P. J. J. B. holder.

RED KIDNAPPING

The place reeked with laughter as Mr. Stevens scornfully referred to Mr. Bennett's fear of being kidnapped by Communists. He held of having been out to the camp of the Toronto trekkers and talking with them. He described them as a decent bunch, with two or three Communists in the crowd. "And that bunch couldn't kidnap a rat," he added contemptuously.

RAPS GUTHRIE

The Reconstructionist leader scorned Hon. Hugh Guthrie, now chairman of the railway commission for making a "non-political" speech on the eve of a election.

Mr. Guthrie had said there was a million dollars for the elimination of grade crossings. Mr. Stevens said to ten millions should be spent immediately. "It's a job for a man, not a crowd," he said.

NOT ANTI-JEW

Two sets of written questions were posed up to the platform and these Mr. Stevens dealt with first. Answering them, he denied the Reconstruction party was anti-Semitic; he would not repeal Section 91.

Plane Catapult Affixed To Car

They can launch aeroplanes from almost any place now. The above picture from Leamington, Scotland, shows a British pilot being instructed in the use of a catapult. The catapult is being carried out at No. 1 flying school of the Royal Air Force.

MARY DUBIOUS OF SIGNING UP QUINT BABES

NEW YORK, Sept. 24.—Mrs. Pickett, here on a business trip Monday admitted she had made little progress in her plans to arrange for the appearance of the Dionne quintuplets in movie.

"I doubt very much if the movie government, particularly Minister Coad (then David Kirk, minister of public welfare), will approve any such contract," Mrs. Pickett said. "I did come here in hopes of signing them up. Beyond that, I don't say anything."

She has given up all thought of signing them up, she said. "I don't want to see them in a movie," she said. "When they become a bit more settled, I plan to adopt some children."

WRITER'S SON PLEADS GUILT FOR ATTACK

Draws Indeterminate Term Of 1 to 50 Years in Prison

SUSANVILLE, Calif., Sept. 24.—Thomas A. Tully, 24, hearing the advice of his father, Jim Tully, writer, pleaded guilty to an attack charge Monday and was sentenced to one to 50 years in prison.

Young Tully was arrested on the complaint of 16-year-old Juanita Sheppard. He had been employed in a lumber camp. She said he had been having her on the way home from a party. The youth had been arrested three times previously on similar charges.

"While I have tried to protect him, I have let him do as he pleased," said yesterday. "I have let some thing else should be done. My deep sympathy goes to the girl and her parents, but much sympathy has been extended to me against the nation that I can only hope more will be extended for the boy. He is suffering from a terrifying disease, for which he must wear the stripes on a felon."

I am not sure what will amend it for four years. I did not answer the question as to whether the Reconstruction party would support Bennett in Calgary but went on to declare he had no quarrel with Mr. Bennett and that Mr. Bennett was not financing his campaign.

JAPAN HIT BY HEAVY STORM

TOKYO, Sept. 24.—A typhoon swept over Japan today from Kuroshima to Tokyo, high winds and torrential rains destroying scores of homes, flooding thousands of others, disrupting communications and tying up shipping on the island and sea.

No casualties were reported immediately, but details of the damage were lacking due to broken communications.

CASSOWARY PACKS MEAN RIGHT, LEFT

SAN FRANCISCO, Sept. 24.—Hon. P. J. J. B. holder, Canadian nationalist, wondered if Japanese Cassowary at the moment knew how to love. The nationalist pulled on a pair of boxing gloves and landed the 165-pound bird's cage. Some tapped the bird's head. The bird was infuriated by being out with both feet, landing a hard right and an even harder left. Some beat a hasty retreat.

AGE ADVANCED FOR ITALY WAR

ROME, Sept. 24.—The Italian draft law advanced from 32 to 34 years the age limit within which a man previously held physical unfit for military service must stand another examination permitting him to enter the army.

At the same time it provided various cracks in the army and air forces for members of the government. The Fascist Grand Council, Chamber of Deputies and the Senate. Many of them expect to see service in East Africa.

GET WHAT YOU WANT WHEN YOU ORDER PRINTING

The business man of today is increasingly aware of the value of good printing—He has discovered the convenience, the more effective results obtained. DANNO TAKES OPENING TILT

NOT in a long spell has anything gripped the sporting public's imagination so strongly as tonight's heavyweight bout in New York between the "Terrible of Flatland" Joe Louis and California's Max Baer.

Experts on the battle scene have found it hard to decide upon a winner, although the majority favor Louis, which is reflected in the odds quoted by the bookmakers.

TRYING to pick a winner from this distance would be a ridiculous thing to do, for the odds are so close.

However, figures of mine who have seen Detroit's Brown Broomer in action say that the younger man is a better fighter than the older one.

As Eastern experts point out, though it's always hard to know just what Baer will do next.
